STABLE—This two day course is designed to provide a concise guideline of the neonatal pre-transport stabilization activities to be employed by community hospital caregivers, in a format that optimizes retention and recall of those activities. The course is meant to be renewed every 2 years. Criteria for successful completion include attendance at the entire session, satisfactory score on written exam, demonstration of proficiency at skills, and submission of completed evaluation form

Community Medical Center (**MNA-05-CMC13**) is an approved provider of continuing nursing education by Montana Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation

From day one.
